#### **Naturally antiseptic**

Melaleuca Oil's antibacterial properties help prevent topical infection at the first sign of trouble.

#### **Gently soothes**

Thanks to terpinene-4-ol, the "ahh" sensation of Melaleuca Oil stops the scratching, which helps skin heal faster.

#### **Safely penetrates**

Melaleuca Oil moves quickly to the source of the problem, even through unbroken skin. Cineole, another key ingredient, helps the oil penetrate your skin.

#### **Beneficially non-caustic**

Melaleuca offers two grades of oil, *T36-C5 Melaleuca Oil*, non-irritating for most all skin types, and *T40-C3 Melaleuca Oil*, for more sensitive skin. Skin doesn't feel raw after using Melaleuca Oil.

#### **Effectively solvent**

solveny helps dissolve dirt and stains. **Pleasantly aromatic**

The fragrance of Melaleuca Oil will comfort you with its pleasing aroma (sometimes described as a combination of eucalyptus and nutmeg).

### *Natural Healing in a Bottle*
