The Gold Bar

[Call for Pricing](#)

Superior moisturisers and deodorant protection outperform ordinary soap.

Only the Gold Bar combines unparalleled cleansing benefits with Melaleuca Oil and natural skin-softening conditioners to leave skin feeling revitalised, refreshed, and naturally soft.

The Gold Bar has an eye opening citrus scent that goes far beyond anything you will find on supermarket shelves.

Both *Precious Metal Bars* are French-milled for a denser, longer-lasting bar, so they won't disappear in the shower like other bar soaps. Plus, they are the only soaps designed with a premium 3-in-1 moisturising complex of naturally derived glycerin, aloe and Melaleuca Oil.
