MelaBrite® Color-Safe Brightener 32 oz (946mL)

[Call for Pricing](#)

Step 3â€”Formulated to help keep your clothes looking newer longer

Â

Whiten, brighten and extend the life of your clothing without caustic bleach

Battle the forces of fabric wear and fading colour using the superconcentrated power of MelaBrite 6x!

One small 960mL bottle of MelaBrite brightens an amazing 64 loads of laundryâ€”thatâ€™s nearly six times more loads than Napisan® Vanish!

But the earth-saving powers donâ€™t end with the concentration. Your clothingâ€™s top enemies are fabric wear and colour fading. To combat these, MelaBriteâ€™s arsenal includes special Carezyme,, enzymes that help remove the fuzz and pills that make fabrics look worn and old. In addition, a unique blend of detergents, natural enzymes, and brighteners targets stubborn stains and helps whites and colours look brilliantâ€”all without chlorine bleach! MelaBrite 6x is also biodegradable and pH-balanced to be gentle on clothing. Get more loads and brighter clothes with less product and packaging.
